## **RECOMMENDED MOTION/ACTION:**

Motion to enter into a letter of agreement with the Florence Unified School District to provide a 3" asphalt overlay on Van Haren Street.

#### BACKGROUND/DISCUSSION:

Van Haren Street (exhibit 1) is an 800' x 28" street that provides access to the Mormon Church and Florence High School adjacent to South Main Street. There are no residents on this street. Van Haren Street was chip sealed approximately 4 years ago but is falling apart and extremely bumpy. This street has heavy bus traffic during the school year from Florence High School. Florence Unified School District is contributing \$49,999.83 towards the project. If the school district fails to sign the agreement the project will be cancelled.

## A VOTE OF NO WOULD MEAN:

Van Haren Street would continue to deteriorate and be an unsafe passage for school buses.

#### A VOTE OF YES WOULD MEAN:

Van Haren Street would be reconstructed, and the Town would receive \$49,999.83.

#### FINANCIAL IMPACT:

There is no cost to the Town for the letter of agreement.

Subject: Van Haren St.

My liaison at the Az. School Facility Board is new to the position. Therefore, we have a couple of changes . The policy states below \$50,000 does not require board review. She requested that our request and schedule of values reflect as such. Also, that the IGA reflect the same amount. And finally a email from your department stating that the 405 noted in the quantity column is yardage of Asphalt, AB or AC. I have attached the revised S O V for your use. Good news is it will be approved once received.

Thankyou for all your assistance.

Mark Gomes FUSD #1 Project Manager
